About Show

Welcome to Metal Expo Bangladesh 2026.

The only trade show in Bangladesh to bring the entire value chain of sheet metal working and metal forming technologies and Pre-Fabricated Steel Building Technologies together in one place. The trade show offers a unique platform for the manufacturing sector to – explore new technologies, source innovative solutions, build a strong business network and learn about emerging trends in the manufacturing sector. This international exhibition jointly organize with Steel Building Manufacturers Association of Bangladesh (SBMA), Metal Expo Bangladesh creating opportunity to meet new buyers and showcase your equipment, machinery, solutions, and technologies in front of 5,000+ attending buyers from across Bangladesh, who are looking to implement impressive new technologies to enhance their manufacturing capabilities.

Industry overview

The global iron and steel market was valued at USD 1,599.4 billion in 2022 and is projected to reach USD 1,928.6 billion by 2027, with a compound annual growth rate (CAGR) of 3.8% during the forecast period from 2022 to 2027, The steel industry experienced sharp growth in the early 1990s owing to private entrepreneurs' investment in the sector. This industry is now flourishing, mainly relying on the investment of large conglomerates, diversifying products, and transforming production. As per the World Steel Association, Bangladesh manufactured 5.2 million metric tons of steel in 2022, and its net import of steel decreased to 2.2 million metric tons, implying that the country's consumption of steel was roughly 7.4 million metric tons, According to The Business Standard, there is an anticipated increase in the rate of expansion of factory capacity, with projections indicating a rise to 13 million metric tons by the year 2025.

The steel industry in Bangladesh is valued at around BDT 55,000 crore (USD 6.2 billion), with per capita consumption projected to rise from 45 kg in 2022 to over 100 kg by 2030. The sector is growing at 10% annually, supported by nearly 400 mills nationwide. The Bangladesh Light Engineering Sector plays a crucial role in employment, exports, and socio-economic development. It employs over 1 million people, with around 60,000 micro-enterprises and 20,000 SMEs, amounting to an investment of USD 20 billion. The manufacturing sector contributes 20% of GDP, of which light engineering contributes 2%, with an annual turnover of Tk. 200 billion.

EXHIBITORS PROFILE

- Steel & Metal Manufacturers & Suppliers
- Ferrous and Non-Ferrous Metal Producers
- Induction Furnaces and Heat Treatment
- Advance Materials Furnaces
- Steel Forming, Pre-Fabricated Steel Building
- Heat Exchangers, Radiators and Cooling Towers
- Refractories & Products
- Metal Working Cutting, Shaping, Bending & Welding
- Forging, Casting Equipment and Accessories
- Metallurgical Equipment
- Research & Development Institutes & Laboratories
- Foundry Engineering
- Foundry Machinery & Technology
- Filtration & Separation
- Rolling Mill Equipment
- Automation & Instrumentation
- Pumps, Valves & Compressors
- Bearings & Shafts
- Gears & Motors
- Pipes & Tubes
- Wire & Cables
- Design & Engineering
- Fire Fighting and Safety Equipment
- Locomotives, Lubricants & Greases
- Information Technology Providers
- Measuring, Testing and Controlling
- Shot Blasting and Shot Peening Equipment
- Machine Tools and Dies
- Process Automation Technology and Equipment
- Energy Efficiency & Conservation
- Materials Processing & Handling
- Pollution Control Equipment & Services
- Blast Furnaces
- Infrastructure
- Material Handling & Logistics
- Lead & Lead Batteries
- Surface Treatment & Corrosion Technology
- Importers & Exporters
- Wholesale Trader
- Latest Innovations & Technologies

VISITORS PROFILE

- Architecture, building
- Construction
- Automotive
- Railway & transportation
- Shipbuilding industry
- Industrial applications
- Food & catering
- Consumer appliances
- Offshore applications
- Chemical industry
- Bridges
- Storage tanks
- Medical industry
- Power plants
- Paper and pulp industry

International Metal Expo Bangladesh 2025 reports

PURPOSE OF VISIT (MULTIPLE ANSWERS)

- Buy Machinery
- Buy Ingredient
- Source Accessories
- Get Information

Day 1
3726 visitors

Day 2
5264 visitors

Day 3
4322 visitors

By Business Category

Key Highlights

- Live Machinery Demonstrations
- Industry Keynote Sessions with thought leaders
- Innovation Pavilion – spotlighting cutting-edge tech
- B2B Networking Opportunities
- Technical Workshops & Seminars
- Green Metal Zone – sustainable and recycled metal solutions

Cost of Participation

- **Corner Space : US\$ 380/ Per Square Meter + Vat 15 %**
Minimum Space: 9 Square Meters
- **Shell Scheme: US\$ 350/ Per Square Meter + Vat 15 %**
Minimum Space: 9 Square Meters
- **Bare Scheme: US\$ 300/ Per Square Meter + VAT 15%**
Minimum Space: 54 Square Meters
- One package stand of 9 sqm includes partitions, carpeted floor, single phase socket, fascia with company name, 01 Square table, 02 chairs, 02 fluorescent tube lights, and 01 waste basket.

About of SBMA

Steel Building Manufacturers Association of Bangladesh (SBMA) is the national trade body of steel and pre-fabricated structure manufacturers, working to promote sustainable growth, protect industry interests, and foster innovation. By creating jobs, empowering people, and enhancing Bangladesh's global image, SBMA is committed to building a stronger steel structure industry that contributes to the nation's economy, society, and environment.
